

30-Day Implementation Checklist

Contractor Review and Proof System
Version 1.0

Week 1: Build the Process

Confirm the review link. Decide eligibility. Choose timing. Assign responsibility.
Customize scripts. Set up tracking.

Week 2: Capture Existing Opportunities

Identify recent eligible customers. Send requests. Organize current project photos.
Confirm permissions. Record activity.

Week 3: Publish Proof

Upload recent photos. Publish completed-project updates. Respond to reviews. Add proof to the website. Review tracking data.

Week 4: Stabilize the Routine

Evaluate request rate. Evaluate review conversion. Identify missed handoffs. Adjust timing or ownership. Set the next monthly target. Schedule the weekly maintenance routine.
